

# Safety Data Sheet

## Product: Nourishing Oil Light (Art. 02-NOL)

according to Regulation (EC) No. 1223/2009

**Issued on:** 15.03.2021  
**Revised on:**  
**Valid from:** 15.03.2021  
**Version:** 1

### 1. Identification of the substance / preparation and of the company

#### 1.1 Product identifier

Nourishing Oil Light (Art. 02-NOL)

#### 1.2 Relevant identified uses of the substance or mixture and uses advised against

##### 1.2.1 Relevant uses

Nourishing oil for lashes

##### 1.2.2 Uses advised against

None known.

#### 1.3 Details of the supplier of the safety data sheet

Responsible Person: Sarah Du Plessis  
DuPlessis Collection  
Albstr. 2  
72469 Messstetten, Germany  
Phone: +49 1768 7830490  
Email: [info@duplessiscollection.de](mailto:info@duplessiscollection.de)

**1.4 Emergency information:** Sarah du Plessis: +49 1768 7830490  
Email: [info@duplessiscollection.de](mailto:info@duplessiscollection.de)

### 2. Hazards identification

When used properly, the product is safe and tolerable in accordance with the legal provisions (Article 3 of the EC Cosmetics Regulation). The following information applies to inadvertent misuse or accidents as well as possibly to commercial uses.

### 3. Composition/information on ingredients

#### 3.1 chemical characterization

### 4. First aid measures

Measures in the event of

– Inadvertent contact with eyes: rinse thoroughly with plenty of lukewarm water immediately; if irritation persists, consult ophthalmologist as a precautionary measure.

– Inadvertent ingestion of larger amounts: do not induce vomiting. Rinse out mouth and drink about one glass of water. Where appropriate, consult Poison Control Centre or doctor.

When consulting a doctor or a Poison Control Centre always keep packaging or label and possibly package insert available.

## 5. Fire fighting measures

All common extinguishing agents are suitable.

## 6. Accidental release measures; disposal considerations

In the event of spillage/leakage: mop up main volume with cloths; remove rest with water. Rinse out impregnated cloths with water or dispose of them in accordance with the waste management directives of the municipality.

Packaging should be recycled after residual emptying; minor product residues may be rinsed out. Filled, unused packages must be disposed of separately in accordance with the waste management directives of the municipality.

## 7. Handling and storage

Must be used in accordance with manufacturer's instructions. Observe any warnings on packaging.

Avoid contact of undiluted product with eyes.

Store in a cool and dry place (room temperature). Reseal container after use.

## 8. Exposition limitation and personal protective equipment

Exposition limit value:	No limit value which is to be controlled is defined.
Hints for the arrangement of technical equipment:	No further indication necessary
Personal protective equipment:	Not necessary
Breathing protection:	Not necessary
Hand protection:	No special protective gloves necessary
Body protection:	No special protective measures necessary

## 9. Physical and chemical properties

### 9.1 Information on basic physical and chemical properties

Form:	liquid
Colour:	yellow, cloudish
Odour:	characteristic

#### Change of condition:

Melting point/area:	not available
Boiling point:	not available
Flashing point:	not available
Ignition Temperature:	not available
Explosion limits:	not available
Vapour pressure:	not available
Density (d <sub>20/20</sub> ):	0.90 – 0.94 g/ml
Water solubility:	not available
Viscosity:	not available

pH-value: not available

#### 10. Stability and reactivity

Dangerous decomposition products: None, in the case of correct treatment and storage  
 Thermal decomposition: No decomposition if used correctly  
 Substances to be avoided: No dangerous reactions known

#### 11. Indications on toxicology

The categorisation was done on the basis of the calculation method of the guideline (1999/45/EG)

Acute Toxicity: Not toxic  
 Long-term toxicological effects: No long-term toxicological effects have been noticed with humans  
 Sensitisation: Not sensitising  
 Mutagenicity, cancerogenic, reproduction toxicity: Not known

#### 12. Indications on ecology

Ecotoxic effects: Quantitative data are not available.  
 Other indications: In the case of appropriate handling and use, no ecological problems are to be expected.

#### 13. Disposal considerations

If recycling is not possible, the product has to be disposed according to the applicable local legal regulations. Packaging which cannot be cleaned has to be disposed in the same way like the substance itself.

#### 14. Transport Regulations

No dangerous goods according to the transport regulations.

#### 15. Regulations

The product is classified according to the EC guidelines and the applicable national laws.

Code letter and risk description of the product: none  
 Symbols: none  
 R-marking: none  
 S-marking: none  
 Special marking: none  
 Water endangering category: In general not water-endangering

#### 16. Other indications and hints

The above-mentioned indications are based on the current knowledge and are no assurance of characteristics. Existing laws and regulations are to be considered by the recipient of our product at his own responsibility.
